

Dear Colleague!

We cordially invite you to participate in the XIIIth annual Seminar, dedicated to the problems of modern nephrology, and held in the best time in St.Petersburg – the season of the White Nights. We have no doubts that you will enjoy meeting our city, where kidney physiology and pathology have been studied by I.P. Pavlov, L.A. Orbeli, A.G. Ginetsinskiy, A.Ya. Yaroshevskiy. You will face new interesting discussions in a city of marvelous masterpieces by ingenious architects .
